- For eco reasons this is the only literature we produce, please visit our website for full details and lots of images.
- **N.B. We try very hard to make our sheets as blemish free as we can, but they are not perfect, they may have dimples and minor marks which are outside our control. Please call us to discuss this if it could be a problem.**
- No trade discounts, but for volume discounts, please call.
- The listed board thicknesses are nominal.
- Where minimisation of colour variation is critical, please call us.
- Thermal expansion of some sheets can be 2mm per m over a 10°C change.
- Information on working methods, utilisation and fire performance data are available, please call or fax, or visit the website.
- SMILE PLASTICS LTD conditions of sale apply to all sales.
- Samples. Please forward £15.00 (cheque to Smile Plastics, or 'phone credit card details) for a set of colour samples, refundable with order. If a computerised invoice is required the charge will be £30.00 + VAT. The appearance of the samples will vary according to their original position within the sheet.
